

## JACKSON'S HANDMADE SOFT PASTEL

There are 200 vivid colours in the Jackson's Handmade Soft Pastel range.

Made with the finest materials, Jackson's Handmade Soft Pastels are of the highest professional quality. Jackson's Soft Pastels are handmade, giving them an incredible softness and a smooth 'buttery' consistency. Jackson's hand-rolled pastels are formed with the lightest of touches, so as not to over compress the pastel ingredients. This gentle manufacturing process creates pastels that deposit brighter and more saturated hues.
