

50 708 watercolour ground, transparent

product name:

- Watercolour ground, transparent

contains:

- Pure acrylate dispersion, additives, water.

basic information:

- Primer for working with water-colours on greaseless surfaces like canvas, wood or card board.

characteristics:

- transparent
- even
- matt
- elastic
- light-resistant and non-aging.

handling:

- Shake well and stir – if necessary – before use.
- *Watercolour ground, transparent* is ready to use and should be evenly applied on the ground by brush.
- When applying more layers, the previous coat has to be completely dry before the next coat is applied!
- Can be overpainted with water-colours after getting completely dry.
- The pure primer may also be tinted with tube water-colour or acrylic colour. (Always use a separate palette for mixing – the product may never be put directly into the pans!)
- The product is water mixable, but dries up water-insoluble.
- Please clean working tools as soon as possible with water or water and soap.
- Please don't use the product below temperatures under 10 °C object- and room-temperatures.
- Close immediately after use.
- Store in a cool and dry place.
- Protect from frost.
- Individual pre-tests are required (see footer).

product labeling:

- Please refer to the individual safety data sheet on our website www.schmincke.de.
